

ANIMESH SINGH

PERSONAL PROFILE

Inquisitive, passionate computer science specialist skilled in leadership, with a strong foundation in data structures, logic, and object-oriented programming. Seeking to leverage solid skills in collaboration, communication, and development as a programmer.

EXPERIENCE

Freelancing Android Developer

Lucknow | June 2020 - present

- Connected the project with Firebase for Phone authentication.
- Employed Google Maps API for place autocomplete feature.
- Implemented setting locale feature for 6 Indian languages.

PROJECTS

Sentiment Analysis Dashboard

March 2020 - June 2020

- Led the development and implementation of the project for IBM Hack Challenge 2020.
- Extracted, processed and analysed over a million tweets for classification into positive, negative or neutral sentiment.

Face Detection Web App

Feb 2020 - March 2020

- Used the Haarcascade classifiers to localize faces in images and further localizing eyes and smiles inside of detected faces.
